

1st Swedish National Conference on Advanced Therapy Medicinal Products

Medicon Village Science Park, Lund, March 15, 2018, 9 am to 6 pm

Learn about advances in research and development of advanced therapy medicinal products and take the opportunity to make new contacts within the Swedish ATMP community.

Centre for Advanced Medical Products (CAMP), Swelife and Medicon Village cordially invites you to the first Swedish national conference on Advanced Therapy Medicinal Products (ATMP).

Who should attend? Students, academic researchers, health care representatives, industry and other stakeholders active in the ATMP area and interested in learning about advances in the Swedish ATMP scene and sharing their knowledge and experiences.

And why? This conference will provide insights into ongoing academic research, clinical applications and industrial activities in the field. Take the chance to meet potential collaborators and learn more about national initiatives around ATMP!

Program at a glance:

09.00 - 10.00	Registration and coffee
10.00 - 10.15	Welcome and introduction
10.15 - 10.45	International keynote speaker
